The Upper Animas report is here; Cement Creek is offsite. I'll call it in today, but it won't be here until sometime Thursday. They are hard copy. Normally I would send them out to LSI and have them contact Camille regarding payment and delivery of the copies, but I'm not sure how that works with fellow state agencies?

Kay,
Can you find these reports for me. If they are only available as hard copy I will need copies to send to Camille Price with DRMS.

Let me know if you have questions.

Thanks

Doug,

Can you please forward this request to HMWMD Information Center?

Can you please send me complete copies of two reports that HMWMD completed for EPA under the PASI program, entitled:

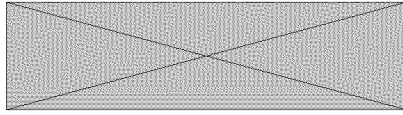

- 1) Comprehensive Analytical Results Report, Upper Animas Watershed (CERCLIS # CO 0001411347), San Juan County, CO dated March 1999, prepared by Camille Farrell, CDPHE-HMWMD; and
- 2) Comprehensive Analytical Results Report, Cement Creek Watershed (CERCLIS # CO 0001411347), San Juan County, CO dated April 1998, prepared by Camille Farrell, CDPHE-HMWMD.

Martin, do you know a quick way the Info Center can reference these?

Thanks,
